

ECOTREAT (ECT)

EPA Registered HVAC Treatment

ACE ECOTREAT (ECT) is a pleasant smelling chlorine dioxide EPA registered (#9804-3-7909) bacteriostat and fungistat deodorizer for use in HVAC systems to control odors associated with bacteria, mold, mildew, animals, smoke, etc. ACE ECOTREAT (ECT) inhibits most odor causing bacteria. For general deodorization or odor control, apply directly to the evaporator coil surface, drain pan or source of the odor... or sprayed with a coarse sprayer directly into the HVAC system while fan is running. One gallon of **ACE ECOTREAT (ECT)** will treat approximately 1000-1500 square feet.

FEATURES & BENEFITS

- Can be used in occupied areas.
- Non-Rinse formula...no need to wipe surface dry.
- Low toxicity and high safety rating.
- EPA Registered.

DIRECTIONS for USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

- **To Deodorize HVAC System Ductwork:** To control odors associated with bacteria, mold, and mildew spray **ACE ECOTREAT (ECT)** into system intakes while system fan is running. Allow enough spray time for **ACE ECOTREAT (ECT)** to contact air duct system surfaces. Repeat application as necessary.
- **For Microbial Control of Evaporator Coils, Drip Pans and Associated Air Conditioning Parts:** Air Conditioning system parts should be manually pre-cleaned prior to application using a suitable coil/drip pan cleaner. After cleaning, thoroughly spray **ACE ECOTREAT (ECT)** on to cleaned surfaces. Do not wipe off. Allow to air dry.
- **For Microbial Control of Evaporator Cooler Excelsior Mats:** Excelsior Mats must be thoroughly washed to remove any dirt, debris or slime build-up. Liberally spray **ACE ECOTREAT (ECT)** onto mats for microbial control and to remove stale, musty odors. Add 2 oz. **ACE ECOTREAT (ECT)** per gallon of reservoir water capacity for effective environmental maintenance.
- **For year round maintenance, residential homes and apartment complexes should be treated TWO TIMES PER YEAR. Commercial/Industrial buildings and health care facilities should be treated EVERY MONTH to ensure effective environmental control.**

SAFETY: If swallowed: Drink promptly a large quantity of water. Do NOT induce vomiting. Avoid alcohol. Get medical attention. If in eyes: Flush with plenty of water for 15 minutes. Get medical attention. If on skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

CAUTION: KEEP OUT OF REACH OF CHILDREN. All food contact surfaces must be rinsed with potable water before re-use. **ACE ECOTREAT (ECT)** may bleach some carpets or fabrics, especially if applied on top of a previously used chemical. Do not apply until a sample test has been tried and observed for at least 24 hours. The manufacturer accepts no liability for carpet or fabric bleaching.

PHYSICAL PROPERTIES

APPEARANCE	Liquid
COLOR	Clear
pH	8.0-8.5
SPECIFIC GRAVITY	1.01
PACKAGING	12x32oz bottles/case 5-gallon pail 4x1-gallon bottles/case
