FOAMING COIL CLEANER (FCA) Non-Rinse Aerosol Evaporator Cleaner

ACE FOAMING COIL CLEANER (FCA) is a portable, biodegradable, bio-enzymatic, non-acid foam coil cleaner that penetrates deep into air conditioner and heating coils to loosen and remove grease, dirt, lint and grime.

ACE FOAMING COIL CLEANER (FCA) is formulated with a thick clinging foam to penetrate deep into heating and cooling coils to clean coil surfaces.

FEATURES/BENEFITS

- No-Rinse Formula - leave on evaporator coil for condensate to wash off.
- Ideal for hard to reach places - wall and window air conditioners, refrigerators, ice machines, freezers, etc.
- Registered with NSF for Use In and Around Food Processing Areas
- OEM Approved for use on Aluminum Evaporator Coils

DIRECTIONS for USE: Protect all electrical equipment and parts with plastic wrap. Spray area with penetrating foam. Foam breakdown and dirt absorption indicates when area is ready to be flushed. When used on evaporator coils, product may be left on to "self-rinse" with condensate water.

SAFETY: If ingested, do NOT induce vomiting. Drink water and seek IMMEDIATE medical help. For skin/eye contact, flush with clean water for 15 minutes. If irritation persists, seek IMMEDIATE medical help.

CAUTION: Contains Citrus Terpene and LP Gas. **KEEP OUT OF THE REACH OF CHILDREN.**

PHYSICAL PROPERTIES

APPEARANCE	Thick Foam
COLOR	White
PROPELLANT	LP Gas
SPECIFIC GRAVITY	0.976
PACKAGING	12x20-oz (18oz net)/case
