SUPCO® TECHLINK™
DIAGNOSTIC APP

iDVM550
WIRELESS APP-CONNECTED CLAMP METER

- **6,000 count (3 3/4 digit) resolution**
- **Ingress Protection - IP54 protects from dirt/water**
- **IEC** Tested to IEC/EN61010 safety standards
- **Bluetooth® connectivity**
- **Advanced App diagnostics and guided tests**
- **Includes Line Splitter**

With True RMS technology and a CAT III 600V rating, Supco®-Redfish iDVM550 powered by the Supco® TechLink™ Application can help technicians troubleshoot and maintain HVAC equipment safely and with confidence in the results. It measures AC Volts, AC Amps, system kW and the power factor. When connected to an iOS® or Android® smart device via the Supco® TechLink™ App, measurements can be remotely viewed and logged. App-captured data can be used to discuss system operating costs with clients on jobs, or easily shared with the office through PDF/CSV email reports directly from the App.

PRODUCT FEATURES

- Jaw opening 40mm/1.6"
- Auto and manual ranging
- Auto power off
- True RMS
- Inrush current measurement
- Display backlight
- Low battery display

ACCESSORIES INCLUDED

- Line Splitter - iDVMSPLITTER
- Test leads
- 9V battery
- Alligator clip
- Carry bag
- User's manual

PRODUCT SPECIFICATIONS

- DC Voltage 6V/60V/600V/1000V
- AC Voltage 6V/60V/600V/750V
- AC Current 60A/600A/1000A
- Requires Android® 4.3 or newer
- Requires iOS® 8.3
